School District of Hartford Jt. No. 1  
Community Based Four-Year-Old Kindergarten Survey  
*"We believe in promoting a safe and positive environment."*

In order to gain a better understanding of the needs and participation of parents regarding four-year-old kindergarten, we have developed a short survey. Your input is very important. Please take a few minutes to carefully read and complete the following survey, and return to us in the envelope provided by February 10, 2010.

Through this model, a licensed teacher would be *employed by the school district*, and would provide a program at a local preschool and daycare site for approximately 2 ½ hours, five days a week. During the 2 ½ hour period, four-year-old students in the district would be able to attend tuition free.

**2. If your child is currently enrolled in a 3K preschool or attends child care, where does your child attend?**
